Ellicott City, MD | (917) 324-1588 | [jihyep1@umbc.edu](mailto:jihyep1@umbc.edu) | [linkedin.com/in/jihye-park840221](https://www.linkedin.com/in/jihye-park840221) | [zhyepark.github.io/jihyepark/](https://zhyepark.github.io/jihyepark/)

## PROFILE

Product designer and Human-Centered Computing M.S. candidate who translates qualitative research into accessible, user-centered digital experiences. Skilled in UX research, interaction design, wireframing, prototyping, and cross-functional collaboration, with a strong visual foundation in design and merchandising. Uses AI-assisted tools to accelerate research synthesis, explore design directions, and iterate prototypes while applying human-centered judgment to validate usability, accessibility, and alignment with user needs.
